Together we move mountains!

21-22 March 2017 | Milan | Italy

Results of thematic session C

“Move your mountains” session

The aim of this session was to offer a **networking and matching opportunity** to the project participants along the seven specific objectives of the programme.

Based on the mountains (identifying remaining needs/challenges in their specific objective) they had created the day before, the participants met in groups of about 3 people to turn these needs/challenges into ideas for potential projects. This was done on a “**mountain range**” **template**, which structured the discussion to identify joint objectives, activities and solutions to the identified challenges and was a starting point for developing ideas and partnerships.

After drawing the outline of their own mountain and naming the common challenge, the teams discussed the following:

- proposed solution to the identified challenge,
- expected change/result,
- concrete steps towards the solution,
- what could be difficult project phases.

“Move your mountains” session

<p>Our mountain range (Common challenge for our rope team)</p>	<p>Promote correct use of biomass for energy</p>		
<p>Rope team (Institution/representative)</p>	<p>Hiking destination (Solution to the common challenge)</p>	<p>Landmarks (Concrete steps towards the solution)</p>	<p>Challenging sections (Difficult project phases)</p>
	<p>Increase the use of biomass in rural areas</p>	<p>Collect monitored data and set up database</p>	
	<p>At the summit (Expected change/result)</p>	<p>Test different biomass burning technologies for less impacts</p>	
	<p>Better forest management, better air quality, lower carbon footprint</p>	<p>Fund raising solution for changing</p>	

“Move your mountains” session

Our mountain range (Common challenge for our rope team)	Energy management in rural Alpine areas		
Rope team (Institution/representative)	Hiking destination (Solution to the common challenge)	Landmarks (Concrete steps towards the solution)	Challenging sections (Difficult project phases)
	Energy management (rural areas)	Energy data access	Combine different financial sources
	At the summit (Expected change/result)	Financial models	Solve data disclosure issue
	Increased energy efficiency	Energy management	Integrating platform ICT / Stakeholders engagement

“Move your mountains” session

Our mountain range (Common challenge for our rope team)	Multiply effect of energy saving through innovative financial solutions in buildings		
Rope team (Institution/representative)	Hiking destination (Solution to the common challenge)	Landmarks (Concrete steps towards the solution)	Challenging sections (Difficult project phases)
	Strong community commitment for energy saving	Reduce consumptions (through awareness raising and technology)	Energy data for all
	At the summit (Expected change/result)	Community empowerment, trust	
		Create smart approach to financial solutions	Legal framework

“Move your mountains” session

Our mountain range (Common challenge for our rope team)	Decrease impact of energy use in public		
Rope team (Institution/representative)	Hiking destination (Solution to the common challenge)	Landmarks (Concrete steps towards the solution)	Challenging sections (Difficult project phases)
	<ol style="list-style-type: none"> 1. Reduce carbon footprint 2. Increasing air quality 	Awareness raising of mayors	To motivate mayors
	At the summit (Expected change/result)	Energy monitoring, air quality monitoring	Get funding
	<ul style="list-style-type: none"> - Better (insulation) building standard - More efficient boiler 	Making changes Fund raising for all	

“Move your mountains” session

Our mountain range (Common challenge for our rope team)	New business opportunities in the energy sector through data availability		
Rope team (Institution/representative)	Hiking destination (Solution to the common challenge)	Landmarks (Concrete steps towards the solution)	Challenging sections (Difficult project phases)
	New financial models for energy efficiency through energy data	Data monitoring of collection	Solve data disclosure issues
	At the summit (Expected change/result)	Data sharing	ICT solutions for data management
	New business opportunities		

“Move your mountains” session

<p>Our mountain range (Common challenge for our rope team)</p>	<p>Sustainable buildings for cleaner air</p>		
<p>Rope team (Institution/representative)</p>	<p>Hiking destination (Solution to the common challenge)</p>	<p>Landmarks (Concrete steps towards the solution)</p>	<p>Challenging sections (Difficult project phases)</p>
	<p>Incent energy saving buildings and regulate biomass use</p>	<p>Raise awareness in people/decision makers</p>	
	<p>At the summit (Expected change/result)</p>	<p>Identify best practices for biomass use and energy efficient</p>	
		<p>Adoption of best practices (with regulations / incentives)</p>	

“Move your mountains” session

Our mountain range (Common challenge for our rope team)	Energy monitoring for better decision making		
Rope team (Institution/representative)	Hiking destination (Solution to the common challenge)	Landmarks (Concrete steps towards the solution)	Challenging sections (Difficult project phases)
		Monitoring and analysing energy consumption	Funds!
	At the summit (Expected change/result)	Costs/benefits analysis	Political commitment
	Zero emissions and energy buildings	Intervention policy
